

How can you help FRENCH ETC. grow?

I'm sure you read tons of French site, blogs and articles. All of them have a place for comments, sharing and helping. What would be really helpful to FE, is more exposure.

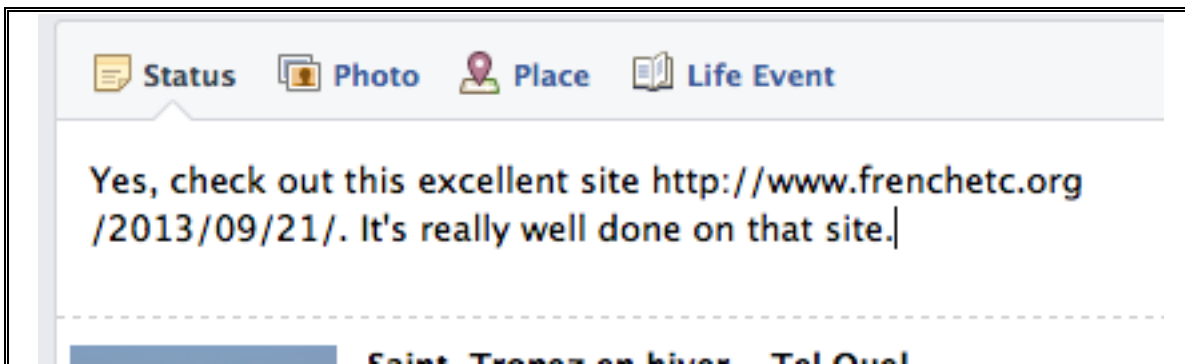

Here is how you can help.

When you **read a nice blog or an article related to French**, when it's relevant, leave a comment there with a **LINK BACK TO MY SITE**. It's quick and easy.

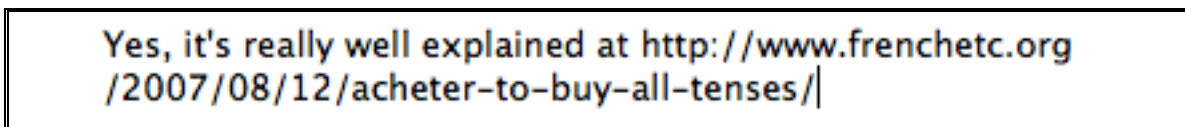

Write your comment on their site. Cut and paste the FRENCH ETC. URL

and **include the URL in your comment**. It will look a bit like this.

Thank you so much. Merci mille fois.
